HB 138s1 – Federal Receipts Reporting Requirements
Chief Sponsor: Ken Ivory
Senate Sponsor: Wayne Niederhauser

Requires the state to indicate what budget cuts would be necessary if Utah lost 5% and 25% of total federal receipts.

- **Transparency:** Transparency demands that Utahns know how exposed state agencies are to federal grants and other receipts.
- **Fiscal Reality:** The current path of skyrocketing federal deficits is not sustainable. Utah needs to prepare in advance for how to manage its budget for the day when fiscal reality cannot be negotiated.
- **Pay Our Own Way:** HB 138 requires Utah to begin the process of planning to pay its own way when federal dollars are no longer available.
